

## **Chris Rezendes from OnProcess appointed to the Reverse Logistics Association Advisory Board**

**Boston, MA – December 9, 2022:** [OnProcess](#), a global pioneer powering the world's circular service value chains, announced today the appointment of Chris Rezendes, Chief Customer Officer at OnProcess, to the [Reverse Logistics Association](#) (RLA) Advisory Board. This new role further emphasizes OnProcess' commitment to circularity and sustainability and its aim to help businesses streamline their recovery processes with expertise and advanced software solutions.

The Reverse Logistic Association (RLA) is the authoritative body for best practices related to reverse logistics with the goal to educate and inform reverse logistics professionals globally and be the voice of the reverse industry. They offer information, research and solutions, facilitating networking introductions for manufacturers, retail companies, and third-party providers. OnProcess has been part of the RLA since 2005 when the company first joined as a sponsor. Ever since, OnProcess has been an active member of the RLA community, participating in RLA committee meetings and conferences and in bringing new research and content to the RLA organization and its members.

When appointing board members, the RLA takes into account not only the company's engagement with the association but the individual and their contribution. Chris has an 18-year track record of growing revenues for services and technology companies. He joins the RLA Advisory Board bringing with him five years at OnProcess, where he and his team help companies identify their reverse logistics objectives. Before joining OnProcess, Chris held a variety of executive positions in companies like Windham and Convergys. He is a former United States Marine Corps Officer and Naval Aviator and a graduate of Bridgewater State University.

*"I'm honoured to have been asked to join the RLA Advisory Board and contribute by delivering valuable knowledge and insight to RLA members. I will further support the RLA global goal by continuing to support members with Reverse Logistics best practices" Chris said.*

Commenting on the appointment, Tony Sciarrotta, Executive Director of RLA, said, *"Chris brings a wealth of experience and expertise in the field of reverse logistics and will no doubt be a tremendous asset to our Advisory Board."* Tony continued, *"As the RLA grows, we constantly seek ways to adapt to the ever-changing industry. Chris's Reverse Logistics knowledge and passion for our industry will strengthen our Board and community members with a vendor perspective. With the recognition of his comprehensive background knowledge, network, and deep experience, he will be instrumental in helping us further our goals of continuing to be the world's authority on Reverse Logistics best practices."*

### **About OnProcess**

[OnProcess](#) supplies technology and services that power the world's circular service supply chains. Providing managed services and digital transformation expertise that streamlines processes, maximizes customer lifetime value, and improves 'circular' sustainability goals, OnProcess is a trusted advisor to many of the world's leading computer, networking, med-tech, wireless, telecommunications, and IT companies. For more information, please visit [www.onprocess.com](http://www.onprocess.com).

### **About Reserve Logistics Association**

The [Reverse Logistics Association](#) is the only authoritative body for best practices related to reverse logistics. RLA is a member-driven, global trade association for the returns and reverse industry. The RLA offers information, research, and solutions and facilitates networking introductions for manufacturers, retail companies, and third-party providers. Our goal is to educate and inform reverse logistics professionals globally and be the voice of the reverse industry.
